*9% Slowly Available Nitrogen from Polymer-coated, Sulfur-Coated Urea

DERIVED FROM: Polymer coated-sulfur coated urea, Urea, Muriate of Potash

DIRECTIONS FOR USE: This product is a professional quality turf fertilizer. Its suitability for use in any given application depends on existing soil chemistry, turf type, and intended use of the turf area. The best results with this product are obtained when it is applied to actively growing grass, and watered into the turf soon after application. Avoid mowing immediately following application to prevent pick-up. Application with drop or pendulum spreader is not recommended. Consult your spreader manual or spreader manufacturer to determine spreader settings to achieve application rates desired. You may need to adjust the setting depending on the walking speed, spreader condition, and product.

Do not apply near water, storm drains, or drainage ditches. Do not apply if heavy rain is expected. When this product is applied to lawn areas sweep any product that lands on the driveway, sidewalk, or street back onto the lawn. This product may stain driveways, walkways, streets, porches, and other non-target areas. Do not apply to frozen ground.
